Homestay Rooms

About our homestay rooms

- May be on main floor, basement or upper level of the home.
- Basement rooms are just as nice as upper-level rooms.*
- All CCS homestay rooms meet a high standard. All rooms in the basement have large "egress" windows for easy entry or exit in case of an emergency as shown in the photos below.

**Please note that these photos are randomly selected from homes in the CCS Homestay Program. Photos here do not mean that the rooms are available nor are they for selection.*
